We are committed to downtown. The overall goal of our program is to promote a positive image of our community by preserving the unique historic character, strengthening the economic base, and emphasizing downtown as the center of community activity.

Downtown is the heart of the community, a place with history and small business activity. It's also a gathering place, a place for parades & a place for simply having fun.

Our mission is about people, people like you & having a downtown that is at the heart of the community. We have work to do but the future does indeed look bright! Thank you for believing in our mission.

We hope you will join us in our future efforts to grow our community!

For the Future Of Downtown!

Recent Successes:

- Net gain of 7 shops in 2019, net gain of 22 since 2016.
- Home to over 170 businesses
- 20 improvement projects completed this year, resulting in nearly $1.2 million in improvements.

Challenges Faced Downtown:

- Business Environment - Running and opening a small business isn't always easy. *Explore & Support Local*
- Dilapidated Property: We have a few property owners who have not made maintenance a priority.
- Aesthetic - We want & need to improve the appearance of our downtown; good things have come, but more is needed.
- Big spaces - most of our empty spaces are the large spaces.

Main Street's Goals:

- Strengthen the dining & entertainment base - We want to see Beatrice come a bigger regional destination, a place were our locals and visitors can enjoy and want to return to.
- Build upon recreation & sports culture - We are working to develop canoe/kayak access on Big Blue River, and need to capitalize on the trail system & community sports facilities.
- Upper Level Use - Downtown provides a mostly untapped resource for unique housing and upper level uses, those second (and third) floors don't have to be unused space.
